

## U.S. Fish & Wildlife Service

Bear River Migratory Bird Refuge  
Brigham City, UT  
General Bird Survey  
January 8, 2014

Volunteer Kristin Purdy conducted a general bird survey (non-waterbird) on the refuge on January 8, 2014, recording 10 species. The low species and individual bird numbers are likely attributable to season, poor visibility and weather, although snowy conditions seemed to favor ring-necked pheasants with an unusually high 55.

Ring-necked pheasant	55
Common raven	7
Horned lark	16
American tree sparrow	1
Song sparrow	30
Red-winged blackbird	46
Western meadowlark	1
American goldfinch	40
Northern harrier	12
Rough-legged hawk	13
